December 12, 2015

TO SCHOOL COMMUNITY COUNCILS:

January 1, 2016 marks 10 years since the amalgamation of four legacy school divisions to form the North East School Division. The birth of a new school division challenged every person within the division to rise to his or her best self and to do his or her best work. It also created opportunity for growth and innovation – an opportunity met with passion, hard work and commitment to excellence.

The Board of Education of the North East School Division wishes to make our tenth year as an occasion for celebration, and there is no better way to celebrate than to showcase our amazing students and excellent staff. We would like each school to visually document and share what that you think well represents your school. This may simply result in a compilation of photographs that are already being taken documenting the happenings around your school, or it may result in project that is unique to this purpose. Whatever you decide to submit to represent your school, we hope it will generate an excitement and a pride in your school's identity and accomplishments and in the important role you play in making North East School Division a division that provides education in a culture of excellence. These artifacts will be used to create a presentation to be shared on our website and at our Annual General Meeting in March. We are hoping to showcase the diversity of excellence that exists within this school division to commemorate and celebrate 10 years as a school division.

We believe that SCC's are very well positioned to lead this initiative within our schools. Schools represent a partnership inclusive of staff, students, parents and community members and each of these partners have a voice at your table. The Board would like School Community Councils to plan a local celebration of ten years as a member of the North East School Division. We hope this will generate some interesting discussions and ideas at your tables and we will allocate an additional grant to support your planning.

Sincerely,
